

Ladies and Gentlemen:

I would like to share with you that the Streetscapes and Traffic Calming Project for the Village has been awarded a \$2 million grant!

It was a very competitive grant process. We competed against 400 other applications across the state for \$60 million of funding. Your input on the project and the ability to reach a community vision and consensus on what could be done to improve the village gave us an advantage.

This will truly jump start the project. I hope it was worth the 4 year wait.

I will forward more details on where we go from here as I get them. At this time, we still need 3 landowner signatures to move forward and I have tentative agreements with them pending, but not yet signed.

Thank you for your patience and diligence in helping the project forward.

Vincent M. Visoskas
Assistant Township Manager
